

Survey Response for Statements Dealing with *Community Character*

The Specific Statements are;

Williamson Valley Corridor residents should:

- 1) incorporate; i.e., become a formal municipality.
- 2) be annexed; i.e., become part of an existing municipality.
- 3) promote a strong Williamson Valley (WV) Corridor coordinating committee.
- 4) establish a community center or gathering place in the WV Corridor.
- 5) identify and encourage a design theme for commercial development.
- 6) strictly enforce "Dark Skies" ordinances.

RJC May 25, 2005

Survey Response for Statements Dealing with *Land Use - Planning and Growth*

The Specific Statements are:

- 7) A Williamson Valley Corridor plan should be created.
- 8) Growth is inevitable, but the speed with which it takes place should be planned.
- 9) Growth is desirable.
- 10) Growth should occur in a manner intended to preserve the qualities of the WV Corridor that have attracted, and continue to attract, its residents.
- 11) Land use planning is needed.

RJC May 25, 2005

Survey Response for Statements Dealing with *Land Use - Concerning Current Zoning Designations*

The Specific Statements are:

The following existing residential zoning is compatible with WV Corridor character:

- 12ai) Single-family residences on individual parcels of two acres or more.
- 12aii) Single-family residences on individual parcels of five acres or more.
- 12aiii) Single-family residences on individual parcels of eight acres or more.
- 12b) Single-family equestrian properties.
- 12ci) Residential Planned Area Developments (PADs): Clustered single-family residences with surrounding open space.
- 12cii) Residential Planned Area Developments (PADs): Clustered multi-family residences (apartments, condos) with surrounding open space.
- 12d) Multifamily residences (duplexes, triplexes).
- 12e) High-density subdivisions.
- 12f) Manufactured/multisectional/modular residences.
- 12g) Mobile home parks.

RJC May 25, 2005

Survey Response for Statements Dealing with *Land Use - Mis'c. / Commercial (in Part)*

The Specific Statements are;

- 13) Amend existing zoning to allow single-family residence on a parcel of less than two acres.
- 14) Every attempt should be made to preserve mountain tops, ridge lines and other attractive natural features from development in the WV Corridor.
- 15) Restrictions on residential building height should be enforced.

The following commercial uses are compatible with WV:

- 16a) Home-based businesses.
- 16b) Light commercial development (C1 - Neighborhood Sales and Services).
- 16c) Medium commercial development (C2 - General Sales and Services).
- 16d) Heavy commercial development (C3 - Commerce and Minor Industrial).

RJC May 25, 2005

Survey Response for Statements Dealing with *Land Use - Commercial (con't)*

The Specific Statements are;

The following *commercial* uses are compatible with WV:

- 16e) Resorts.
- 16f) Overnight lodging (Hotels/motels).
- 16g) Overnight lodging (B&Bs).
- 16h) Campgrounds/recreational vehicle parks.
- 16i) Commercial stables/horse boarding facilities.
- 16j) Additional golf courses.

RJCMay25,2005

Survey Response for Statements Dealing with *Land Use - Commercial (last)*

The Specific Statements are;

- 17) The lack of commercial facilities in the WV Corridor is a detriment to its residents.
- 18) The pace of commercial development in the WV Corridor is too slow.
- 19) I would be willing to continue to travel to Chino Valley and/or Prescott to shop in order to minimize the need for additional commercial development in the WV Corridor.
- 20) Whatever commercial development is permitted in the WV Corridor should be concentrated in one or two commercial Planned Area Developments (PADs) designated for this purpose, with stringent building design restrictions.
- 21) A landfill is needed in the WV Corridor.
- 22) A recycling center is needed in the WV Corridor.

RJC May 25, 2005

Survey Response for Statements Dealing with *Transportation (Part 1)*

The Specific Statements are:

- 23) Retain WV Rd. as two-lane Corridor.
- 24) Increase the number of pull-out (turn) lanes at major road intersections.
- 25) Upgrade WV Rd. to two lanes with a continuous center turn lane.
- 26) Upgrade WV Rd. to four lanes with a center turn lane at major intersections.
- 27) Upgrade WV Rd. to four lanes with a continuous center turn lane.

RJC May 25, 2005

Survey Response for Statements Dealing with *Transportation (Part 2)*

The Specific Statements are:

- 28) Pave WV Rd. all the way to Seligman.
- 29) Pave an additional east/west artery from WV Rd. to Highway 89.
- 30) Upgrade Outer Loop Rd. to four lanes.
- 31) The present speed limits on WV Rd. are **too low**, especially in the areas around _____.
- 32) The present speed limits on WV Rd. are **too high**, especially in the areas around _____.
- 33) Public transportation is needed along the WV Corridor.
- 34) Designate and sign historic roads and trails.

RJC May 25, 2005

Survey Response for Statements Dealing with *Water Resources Element*

The Specific Statements are:

- 35) Proactive water conservation programs, including incentives for reduced consumption, should be created and implemented.
- 36) Xeriscaping (planting of vegetation not requiring supplemental watering) should be encouraged on a large scale.
- 37) Xeriscaping should be mandatory for all new residential developments.
- 38) Present laws regarding assurances and/or adequacies of available water for developments are insufficient to guarantee home purchasers a sustainable water supply.

RJC May 25, 2005

Survey Response for Statements Dealing with *Open Space & Recreation (Corridor Character)*

The Specific Statements are: 39 (a-g)

The following are essential elements of the WV Corridor character:

- a) Riparian (streamside) areas.
- b) Public parks.
- c) Scenic values.
- d) Archeological & historic sites.
- e) Agricultural/ranching areas.
- f) Wildlife areas and corridors.
- g) Dark skies.

RJC May 25, 2005

Survey Response for Statements Dealing with *Open Space & Recreation (Part 2)*

The Specific Statements are:

- 40) Littering is a problem.
- 41) Illegal dumping on federal and state land is a problem.
- 42) Expand WV Trailhead parking.
- 43) Additional trailheads and parking areas providing access into the National Forest and Wilderness Area from the WV Corridor are needed.
- 44) Create additional open space either through Initiative or by purchasing development areas to create one or more WV Corridor
- 45) Identify and expand the present system of

RJC May 25, 2005

Survey *Open Space & Recreation (Part 3)*

The Specific Statements are:

- 46) Identify and expand the present system of equestrian trails.
- 47) Horse-crossing areas on WV Road should be designated; signs should be installed and speed limits lowered at these points.
- 48) Identify trails appropriate for motorized recreation.
- 49) We need better enforcement of existing laws governing off-road vehicle use.
- 50) Ensure that open space buffer zones, preferably with interconnected trails, are created between residential developments.
